13/ Subd:- The distribution of the Malaria Improvement grant has not yet been sanctioned. The file has been submitted to the Financial Secretariat before they submitted to the ~~Govt~~ Govt Finl Member with the information about the amount allotted for optional expenditure during the last two years with figures for the expenditure

14/ In accordance with the Govt No Fl. 5719-20/ G.F. 28-26-19 4.1.27 the establishment charges under the M. D. scheme have been showing under 21, Medical. A debit entry has been made of the total amount so included & debitable to malaria improvement; so that the sanctioned grant under medical & malaria improvement remain unaffected. The cost of the dispensaries therefore continued to be borne out of the malaria improvement grant. M. D.

15/ The total cost of dispensaries as is noted below:— (Medicines & contingencies are not included)

Lady medical Offrs.	Rs. 18,460
Sub Assistants.	" 13,764,
Establishment, allowances etc	" 28,687
New Dispensaries at Malur & Bowringpet	" 8,621
Total	Rs 69,532

19)
I doubt whether this is sound financially.
On the one hand we show less than
our actual permanent commitments in the Medical
Budget; & on the other we give a
wrong impression of the Grant for
Mahad Dispy. The correct
procedure would seem to be to
take out once for all from Dr. I.
Grant, the Cost of dispensaries
which have been kept on a
permanent basis & include it in
the Med. Budget & keep in the
Dr-I. Grant only temporary &
dispensaries wh. have not
passed the Experimental
stage. The AS. can easily
ascertain this from the figures
of attendance. Had collected it
for another Connection.

13) The dispensaries whose cost is met out of Malnad Improvement Grant are now run on the temporary basis and the whole cost including the salary of the subordinate staff, medicines and contingencies is met from General Revenues. Provision is accordingly made under " 30. Grants for Public Improvements." To show all medical charges in one place, a minor head "Malnad Improvement Dispensaries" has been introduced under " 21.Medical but the total grant and expenditure in respect of Malnad Dispensaries continues to be shown under major head 30.

14) As observed by the Member, the cost of such of them ~~which~~ as have to be kept on, on a permanent basis, should rightly be charged to the Medical Budget. But, the question arises as to whether the relative Local Bodies are agreeable to bear their share of charges, the Government bearing only the salary and allowances of the Sub Assistant Surgeon and the cost of Europe Medicine. The enquiry proposed in the Member's minute may be ordered. The cost of those dispensaries which are required to be permanently maintained out of contributions leviable from the Local Bodies may at once be transferred to the Medical Budget under "Local Fund Dispensarie and the Malnad Improvement ~~head~~ Grant correspondingly released.

General and Revenue Secretariat. File No. 12 of 1927.

Serial No.

43 The normal income of the Mysore District Board is Rs.223,060 and the normal expenditure is Rs.203,597. There is a surplus of ~~Rs.~~ Rs.19,463 available for optional public works and other measures.

44 The normal income of the Hassan District Board is Rs.145,985 and the normal expenditure is Rs.136,817. The income admits of an expenditure of Rs.9,168 on optional public ~~works~~ works or other measures. Just before the resumption of Mohatarfa (in the year 1923-24), the normal income (including Rs.25,000 from Mohatarfa) was Rs.160,500 and the normal expenditure was Rs.132,700. There was (in 1923-24 a surplus annual income of Rs.27,800 and on account of the resumption of Mohatarfa and other changes under the new District Boards' Scheme, the surplus has been reduced to Rs.9,168 at present.

45 In the Shimoga District, the annual income is Rs.133,520 while the normal expenditure is Rs.130,355. There is an annual surplus of Rs.3,165 and this is very small for carrying out any optional works. In the year 1923-24, the income from Mohatarfa was Rs.20,000 and the normal income ~~and~~ under other heads of account amounted to Rs.123,800. The normal expenditure amounted to Rs.147,400 and exceeded the total normal income available by Rs.3,600. ~~The~~ By the new District Boards' Scheme, the financial position has been improved ~~in the~~

NOTE—Contn. sheet.

WD 0324 -GPB-60,000-24-5-27

Serial No.

~~extent of Rs.6,765~~, the present surplus over the normal income being Rs.3,165 a year.

46) In the Kadur District in the year 1923-24 the income from Mohatarfa was Rs.12,200 and the normal income under other heads was Rs.78,900. Against the total normal income of Rs.91,100, the normal expenditure was Rs.88,300 resulting in a surplus of Rs.2,800 a year. Under the new District Boards' Scheme, the income has reduced to Rs.81,545 according to the Budget for 1927-28. The normal expenditure of the current year as correctly estimated amounts to Rs.80,86(~~making~~ (including under Public works provision for only annual repairs of roads.) There is a small surplus of Rs.677 which will be required for special repairs of roads and other necessary works. The Board has practically no surplus for carrying out special repairs of roads and other necessary ~~works~~ measures.

47) The above review of the financial position of the District Boards shows that the Kadur District Board is the poorest. Shimoga District Board comes next and the Hassan District Board is more prosperous than the Shimoga and Kadur District Boards.

72 From my office records, it is found that it is the people of Arenahalli who first petitioned th office for the grant of a Dispensary at that place.

73 Even so long back as the 18th November 1927, when the Mysore District Board President, was addre sed to suggest the conversion of any Malnad Improve ment Dispensaries in his District into Local Fund dispensaries, he forwarded a resolution of the Maln Improvement Committee, intimating that the Malnad Improvement dispensary at Hampapur may be converted into a Local Fund Dispensary, and from the funds th released, a Malnad Improvement Dispensary be opened at Arenahalli (vide copy of his letter No.C. 760/L. 18th November 1927 enclosed) on which my recommenda tions contained in letter No. G.C. 205-11, dated th 9th March 1928 to the Government were based. The Government have in their order No. G. 4773-84/Sany. 55-27-29, dated the 11th October 1928, sanctioned the opening of a Malnad Improvement dispensary at Arenahalli from the funds released by the conversio of the one at Hampapur.

74 Subsequently on the 15th October 1928, the President, District Board, Mysore, informs me that though the "Board ~~xxxx~~ opined that a Local Fund dispensary on a reduced scale may be given to Arenh instead of Revandur", at their meeting held on 7th April 1928, it was later resolved by the Board that "Revandur may be given the preference." Such confl ing opinions, coming from the same officer, would, I am afraid, give rise to much confusion and unnece ry correspondence.

25) The Arenahalli people have also deposited a sum of Rs.2,500/- for the construction of a dispensary building, and perhaps quarters for the staf may also be secured, seeing that they have petition to me again about the villagers of Revandur having come in the way of their having a dispensary.

26) In my opinion, the Malnad Improvement dispensary sanctioned for Arenahalli may be opened this year from the funds released by the conversion of one at Hampapur. No funds are at present availab for ~~the~~ opening any New Local Fund Dispensaries in this district. Please vide orders of Government conveyed in the General Secretary's letter No. G. 6173/Med. 11-28-13, dated 21st November 1928.

Letter No. D.O. 160, L.B. 27-28, dated the 18th November 1927, from the District Board President, Mysore District to the Senior Surgeon in Mysore.

I am in receipt of your D.O.Letter No.G.C. 105-1, dated the 11th November 1927, in the matter of converting Malnad Improvement Dispensaries into Regular dispensaries.

The above subject was placed before the Malnad Improvement committee of this District at its meeting held on 17th November 1927 and the resolution passed is appended in the margin.* There are two Malnad Improvement Dispensaries at present in the District, one at Karimuddanahalli in the Hunsur Taluk and the other at Hampaur in the Heggadadevankote Taluk. The Committee opines that the dispensary at Hampaur may for the present be converted into a regular dispensary and the savings caused thereby utilised for opening a New Malnad Improvement Dispensary at Arenhalli in the Hunsur Taluk.

The matter will be placed before the District Board at the meeting on 7th January 1928 and their opinion obtain

*resolution:- "Hampaur may be converted into a regular Local Fund dispensary. Karimuddanahalli may continue as a Malnad Improvement dispensary. From the savings caused by the conversion of Hampapur dispensary, a Malnad Improvement dispensary may kindly be opened at Arenahalli, Hunsur Taluk."

To

The General Secretary
to the Government of His Highness
the Maharaja of Mysore, Bangalore.

Sir,

I have the honour to state that, on receipt of a requisition from the Deputy Commissioner and President, District Board, Mysore District, for the opening of a dispensary at Hanagodu (Hunsur Taluk) to be maintained from Malnad Improvement Funds (vide copy of his letter No.C.2687-L.B.(26-27), dated 29th June 1927, enclosed) that officer was asked whether accommodation for the dispensary and quarters for the staff were available. He has now replied to say that necessary buildings are reported to be available and that early action may be taken for opening the dispensary. I am instructing the District Medical Officer to see and make sure that the buildings said to be available are, or could be made suitable. As the place selected is, no doubt, in a very unhealthy area, I recommend sanction to the opening of a Malnad Improvement Fund Dispensary thereat on the usual scale of intial and recurring charges as noted below, provided the grant to the extent of Rs.35,000/- applied for by the Mysore District Committee has been sanctioned by Government, as no other source is available to meet the cost.

I have the honour to be,

S i r,

Your most obedient servant,

M Usmon

Senior Surgeon.

P.T.O.

Letter No.C.2687/L.B.(26-27), dated 29th June 1927, from the District Board President, Mysore, to the Senior Surgeon in Mysore.

I have the honour to state that the Malnad Improvement Committee of the Mysore District at its meeting held on 9th April 1927, resolved that Local Fund Dispensaries be opened at Kuntana Belatur in the Hegadadevankote Taluk and Hanagodu, Hunsur Taluk during the year 1927-28, under the Malnad Improvment Scheme and this has been included in the programme of Improvement works for 1927-28, for which funds to the extent of Rs.35,000/- have been applied for. Hanagodu in the Hunsur Taluk is a very unhealthy place and the existing Medical Institutions are not within the easy reach of the inhabitants of the place. The opening of a Local Fund Dispensary at this place is very necessary as it will also facilitate the carrying out of anti-malarial campaign in the Taluk. I request therefore that very early sanction of the Government may be kindly obtained for opening a Local Fund Dispensary at Hanagodu out of the Malnad Improvement Fund. The question of opening a similar dispensary at Kuntana Beltur may next be taken up for consideration. The matter may be kindly treated as urgent.

Enc. 3.

San, Med 12-27-21

From

Dr. B. Mahomed Usmon, L.M.S.,
Senior Surgeon with the Government of
His Highness the Maharaja of Mysore.

To

The General Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Sir,

With reference to your letter No.G.4945/San.10-27-10, dated 10th November 1927, requesting me to examine the question of converting such of the existing Malnad Improvement Dispensaries, as may have passed the experimental stage, into permanent Local Fund Dispensaries, in consultation with the Presidents of the District Boards concerned, I have the honour to enclose a statement showing the number of medical institutions in each of the four Malnad Districts and the average population and area served by each, from which it will be seen, that in Mysore District, there is, on an average, a dispensary for every village within a radius of 6.5 miles including the City Institutions or of 7.4 miles excluding the same; in Hassan, within a radius of 5.6 miles; in Kadur, within a radius of 5.7 miles and in Shimoga within a radius of 6.8 miles. Thus the extent of medical aid provided already is by no means inadequate and if further facilities are needed, the local bodies ought to find funds. Government cannot be expected to go on increasing the grant for medical relief under the Malnad Improvement Budget.

2) The result of my consultation with the Presidents of the District Boards is given below:

Mysore District.

(1) Mysore District.

There are two Malnad Improvement Dispensaries, one at Hampapura and another at Karimuddanahalli, opened in the last official year. The recommendation of the District Malnad Improvement Committee for the conversion of the Hampapura Dispensary into a Local Fund Dispensary and the opening of a Malnad Improvement Dispensary instead, at Arenhalli(Hunsur Taluk) has been referred to the District Board for consideration and their approval is expected to be received shortly. A copy of the President's D.O. letter No.760/L.B. 27-28, dated 18th November 1927, and of its enclosure is appended. If the District Board agrees, the extra cost involved in the proposal will be Rs.1,500/- for initial equipment of the new institution and the pay of the Sub Assistant Surgeon to be placed in charge. As for the recurring charges in other items, what is now provided for Hampapura dispensary will be utilised for the Arenhalli Dispensary. The proposal is reasonable and deserves the sanction of Government.

(2) Hassan District.

There are four Malnad Improvement Dispensaries in the marginally noted places, of which, the first two were opened more than five years ago and have passed the experimental stage. The other two were opened in 1926 and may be said to be still in the experimental stage. From the enclosed copy of the Resolution of the Hassan District Board, it will be seen that they are willing to have the Nagenhalli and Royarkoppal dispensaries converted into Local Fund Institutions. In their stead, they want Malnad Improvement dispensaries opened at Hagare and at Karnahalli in the Manjarabad Taluk. This is reasonable and may be sanctioned with effect from 1st July 1923, necessary provision being added in the next year's Malnad Improvement Budget, viz., Rs.3,000/- for initial equipment and pay of two Sub Assistant Surgeons.

1. Nagenahalli,
2. Royarkoppal,
3. Balagodu and
4. Muhammanbadkote

(3) Kadur District.

(3) Kadur District.

Nine dispensaries are maintained in this District from the Malnad Improvement Funds in the marginally noted places, the first six having been opened more than ten years ago, and the last three about two years back. The District Board would like to have 5 more dispensaries to be maintained from the Malnad Improvement Funds at Lingadahalli, Javaly, Chickagrahara, Kigga and Malandur. At the same time, it is seen from the Resolution of the District Board (copy enclosed) that they are not prepared to contribute the maintenance charges on account of any more dispensaries, which means that the existing and the proposed institutions will have to be all maintained from the Malnad Improvement grant. As I have pointed out in the beginning, Kadur has a dispensary within a radius of 5.7 miles of every village, on the average, and the Government cannot afford to spend more money on this account.

1. Aldur,
2. Attigundi,
3. Balur(Niduvale)
4. Balehonnur,
5. Lakkavalli,
6. Sanateveri,
7. Bukkambudhi,
8. Basarikatte and
9. Gonibid.

(4) Shimoga District.

The marginally noted 8 dispensaries are maintained from the Malnad Improvement grant. Of these, the one at Augumbe was opened in January 1923 and has passed the experimental stage and the remaining 7 are still in experimental stage. From letter No.C.215/L.B.27-23,dated 22nd/25th November 1927, from the District Board President, (copy enclosed) it will be seen that he recommends the first two to be made permanent but to be continued to be paid from the Malnad Improvement Funds, as the finances of the District Board cannot bear any additional burden either on account of medical aid or any other development work, the income of the Board just balancing the expenditure. They also wish to have five more dispensaries in the marginally*noted places to be maintained from the Malnad Improvement Funds. There are 28 institutions in this District*

1. Augumbe,
2. Devangi,
3. Sulegodu,
4. Chandragutty,
5. Thagarthi,
6. Aralgode,
7. Maloor,
8. Basavapatna.

1. Basavapatna,
2. Anaveri,
3. Jade, 4. Sirigere and 5. Ripponpet.

for an area of 4030 .16 square miles, so that there is a dispensary within a radius of 3.8 miles. Moreover, of the ten new dispensaries sanctioned under the Malnad Improvement Scheme, as many as five were given to the Shimoga District and two more were opened during the last official year. It is not therefore desirable to open any new dispensaries in this District at Government cost. The dispensaries at Aralgode and Chandragutty are reported to be doing very little work and there is a proposal that if, by the end of this official year, better attendance is not shown, the institutions might be shifted to Karur and Ulvi, respectively, where there is more necessity and therefore, scope for more work. This question will be considered at the beginning of the next official year.

Summary.

1. Mysore District. The Malnad Improvement Dispensary at Hampapur to be converted into a permanent Local Fund Dispensary and a new dispensary to be opened at Arenhalli, Hunsur Taluk, with effect from 1st July 1928.

2. Hassan District. The Malnad Improvement Dispensaries at Nagenahalli and Kayarkoppal to be converted into Local Fund Dispensaries and two new Malnad Improvement Dispensaries to be opened at Hegare and Maranhalli from 1st July 1928.

3. Kadur and Shimoga Districts. The District Boards are not prepared for the conversion of any of the existing Malnad Improvement Dispensaries into Local Fund ones but want five more dispensaries to be opened in each district at Government cost. This cannot be done.

4. In conclusion I cannot help bringing to notice, that out of Rs.1,29,000 sanctioned in the Malnad Improvement Budget, the recurring charges on account of dispensaries amount to Rs.87,434/- and inclusive of Vaccinators the cost is as high as Rs.94,220/- representing fully 73-per cent

73 per cent. of the total grant. It is clear that this proporti can under no circumstances be exceeded. I may be permitted to remark that in this matter of extending medical relief in Malnad tracts, the District Boards ought to share the responsibility with Government. If following the example of Mysore and Hassan Districts, the District Boards of Kadur and Shimoga should come forward with offers to convert at least a few of the existing Malnad Improvement Dispensaries into regular Local Fund Dispensaries, the amount thus released from the Malnad Improvement gr could be devoted to the opening of more malnad Improvement Dispensaries. In my opinion, the proposals of the District Board for new dispensaries are entertainable only on this condition.

I have the honour to be,

Sir,

Your most obedient servant,

Senior Surgeon.

N. Srinivasa Rao
Senior Surgeon.

Letter No.C.215/L.B.27-28,dated 16/17th February 1928,from the President,District Board, Shimoga, to the Senior Surgeon in Mysore, Bangalore.

In continuation of my letter No.C.215/L.B.27-28,dated the 14th November 1927, I have the honor to forward herwith copy of resolution passed by the District Board at their meeting held on th 7th instant to the effect that the Malnad Improvement dispensaries' Agumbe and Hilikere might be considered to have passed the experimental stage and that therefore they may be made permanent; as regards the cost of maintenance of these dispensaries it was also resolved that as the finances of the Board are such the normal income and expenditure just balance each other, there being no margin left for development work, the entire maintenance charges should be met out of State Funds. I therefore request that you will be so good as to obtain sanction of Government to the recommendation of the Board.

Proceedings of the second ordinary meeting of the District Board Shimoga convened on Tuesday the 7th February 1928 at 1 P.M. and Wednesday the 8th February 1928 from 8 to 11.30 A.M. and 2P.M.to _P.M

Subject No.46;-

D.O.No.G.C.205-1,dated 11-12-27,from the Senior Surgeon in Mysore requesting to furnish the opinion of the Board as to which of the Malnad Improvement Dispensaries may be converted into regular Local Fund Dispensaries permanently and the recommendation of the President District Board made there on in his letter No.C.215/L.B.27-28,dated 14-11-27.

Resolution;-

The Board are of opinion that the dispensaries at Agumbe and Hilikere may be made permanent but the entire maintenance charges on account of these dispensaries should be met out of State Funds,as the finances of the District Board are such that the normal income and expenditure just balance each other and there is no margin left for any development work.

into Local Fund Dispensaries is one to be dealt with by the District Board.

Resolution:- (Vide Resolution No.33)
" Approved"
No fresh Local Fund Dispensaries can be taken up at present owing to the Board's finances.

Sd/- H.V.Ramasvami,
President,Kadur District Board.

Letter No.760/L.B.of 27-28,dated 18th November 1927, from the President, District Board, Mysore, to the Senior Surgeon in Mysore, Bangalore.

I am in receipt of your D.O.letter No.G.C.205-1,dated the 11th November 1927,in the matter of converting Malnad Improvement Dispensaries into Regular Dispensaries.

The above subject was placed before the Malnad Improvement Committee of this District at its meeting held on 17th November 27 and the resolution passed is appended in the margin. There are t Malnad Improvement dispensareis at present in the District, one a Karimuddanahally in th Hunsur Taluk and the other at Hampapur in th Heggadadevnkote Taluk. The Committee opines that the dispensary at Hampapur may for the present be converted i to a regular dispensary and the savings caused there by utilised for opening a New Malnad Improvement Dispensary at Arenahally in the Hunsur Taluk.

Resolution:- "Hampapur may be converted into a regular Local Fund Dispensary. Karimuddanahally may continue as Malnad Improvement dispensary. From the savings caused by the conversion of Hampapur dispensary, a Malnad improvement dispensary may kindly be opened at Arenahally,Hunsur Taluk.

The matter will be placed before the District Board at the meeting on 7th January 28 and their opinion obtained.

GENERAL 3881
17 NOV. 1928

To

R. Ranga Rao, Esq., B.A., B.L.,
General Secretary to the Government
of His Highness the Maharaja of Mysore,
Bangalore.

Sir,

I have the honour to send enclosed for the information and very early orders of the Government, copy of my letter C.97/L.B.28-29 dated 11th November 1928 to the Senior Surgeon with the Government of Mysore, regarding the opening of a Local Fund Dispensary at Ravandur and Malnad Improvement Dispensary at Hanagodu both in the Hunsur Taluk.

I have the honour to be,

Sir,

Your most obedient servant

Deputy Commissioner and
President, District Board,
Mysore District.

BSS.

NC 9743
28-29

Office of the President, District Board,

Mysore District,

Dated, Mysore, the 11th November 28.

From

The P r e s i d e n t,
District Board of Mysore,
M y s o r e.

To

The Senior Surgeon with
the Government of Mysore,
Bangalore.

Adverting to para IV of statement 2 of Government Order No.G.4773 33/Beg.Sol- 27-28 dated 11-10-28 sanctioning the opening of a Malnad Improvement dispensary at Arenahally, in the Hunsur Taluk, and with reference to your memo A.C.C.306-28 dated 3-11-28 in the matter, I have the honour to invite your kind reference to this office letter No.C.97 [illegible] dated 11-10-28 recommending the opening of a Local Fund Dispensary at Arenahally in the same Taluk instead of at Arenahally as resolved by the District Board at their meeting held on [illegible]. In view of the resolution of the District Board and of the facts explained in the letter quoted above, I request that sanction of the Government may be kindly obtained to the opening of a Local Fund Dispensary at Kavendur. The villagers of Kavendur have deposited Rs.2800 towards the cost of constructing the Local Fund Dispensary building and are prepared to provide free the accommodation immediately to the dispensary and quarters to the staff till the required buildings are constructed. The opening of a Malnad Improvement Dispensary at Arenahally is not necessary now.

As regards the opening of a Malnad Improvement Dispensary in this place out of the savings due to the conversion of the Malnad Improvement Dispensary at Hampapur into a regular Local Fund Dispensary, I request that sanction of the Government may be kindly obtained to open a Malnad Improvement Dispensary at Kerageda in the Hunsur Taluk as already recommended in this office letter No.C.2111/A..27-28 dated 11-9-28. It may be mentioned here that the question of opening [illegible]

Improvement Dispensary at Lanagodu in the Hunsur Taluk has been pending ~~over~~ order since the year 1926-27(Vide correspondence ending with this office letter No.C.2687/L.B.26-27 dated 13-6-27 intimating that necessary buildings are available at the place).

I have the honour to be,

Sir,

Your most obedient servant,

Sd/- A.V. Ramanathan

Deputy Commissioner and
President, District Board,
Mysore District.

Chilkanda Hobli, Hunsur Taluk. L 40

Sans 12-27-31

Respected Sir,

We the residents of Ravandur Village, most humbly and respectfully beg to bring the following few lines for your kind consideration and early favourable orders:-

We beg to state that our village consists nearly a population of 1500 and is a centre of many villages being a tobacco trade and growing centre to a great extent. This village has been provided with Primary Middle Schools, Village Munsiff Court, Post Office and also a weekly shandy. This village may be called as a Modern Village consisting of many kinds of shops and other facilities which were granted by our begnign Government. We beg to bring to your kind notice that though there are so many benefits for our village and other villages, we are lacking in one respect that we have not been provided with an Hopital for which we had applied to the same to the District Board. But the Arenahalli village people having come to know this fact, they too applied to the District Board that the hospital might be given to them instead of giving to the village Ravandur. After this, the District Board authorities inspected the spot and they had given their opinion that the hospital might be given to Ravandur Village. Then the Sub Division Officer and the Deputy Commissioner also inspected the spot and they informed us that the hospital would be given to us instead of to Arenahalli as it is being a very small village consisting of a small population of 775.

9096/28 make reference S.S. for remarks

In the meeting of the District Board which was held on 6-10-28, they decided to construct a hospital at Ravandur and collected a sum of Rs.2000/- from us as an advance and further got executed a mutchalika for another sum of Rs.500/- and to get one storied house for the management of the hospital till the time of the new hospital building is constructed.

They have published the same thing in the Mysore Gazette dated 22-11-28 and request your honour to kindly peruse the same.

When the Dewan had come on tour to Hunsur on 22-11-28, we all theTaluk people represented the matter to him to kindly grant the hospital as per the decision of the District Board and he was kind enough to promise us that the Deputy Commissioner and the Senior Surgeon will inspect the spot and pass early orders for the grant of the Hospital to the Ravandur Village. Though it is already 3 months past, none have come to the spot nor we have received any favourable reply.

Therefore, we most humbly pray your honour to kindly grant us an Hospital as per the decision of the District Board, after your kind inspection if necessary, The building which we had offered for opening the hospital till the time of construction of a new building, is simply lying idle and we are eagerly awaiting your early favourable reply. This our village Ravandur is being a centre of all facilities to the public, consisting big population, we hope our prayer will be kindly granted at an early date.

A kind inspection of the sopt will convince your honour about the proper situation of the hospital.

For ~~which~~ this act of kindness, we pray for your long life and prosperity.

Bangalore,
D/9th Febry.1929.

We beg to remain,
Respected Sir,
Your most obedient servants,

FROM

S. SUBBA RAO, Esq., B.A., M.B.C.M., M.R.C.S., (Eng.) L.R.C.P., D.P.H.,
Senior Surgeon with the Government of His Highness the Maharaja of Mysore.

To

The Chief Secretary
to the Government of His Highness
the Maharaja of Mysore, Bangalore.

SIR,

Adverting to correspondence ending with my letter No. G. C. 453-1, dated 12th March 1929, about the opening of a dispensary at Ravandur, I have the honour to state that I inspected both Arenahalli and Ravandur on the 7th Instant in company with the Deputy Commissioner and the District Medical Officer.

2. The Malnad Improvement Dispensary which was opened at Arenahalli only about two months ago has an average daily outpatient attendance of 60. This village is situated in thick Malnad and is populated, chiefly by Mahomedans. The Institution meets the need of a large number of gosha families in this as also in surrounding villages.

3. Ravandur is a bigger village containing a population of over 1000. It is almost a model village-well aligned, clean and tidy. Although there is a Vaidyasala at the place, the people have been clamouring for a dispensary, and in furtherance of this object, are holding a large and commodious building in reserve pending the construction of a new building conforming to the standard type design. As you are aware, they have deposited a sum of Rs.2,500/- with the District Board towards the construction of a new building.

4. In close proximity to Ravandur is another village Bavalalu, which is inhabited by a large number of Ursu families who

who strictly observe the Gosha system. For Bavalalu people also, a dispensary at Ravandur would be quite convenient.

5. I may note that the District Board were emphatically in favour of a Local Fund Dispensary being opened at Ravandur, and had accordingly passed a resolution agreeing to meet their share of the cost, if a dispensary were opened at the place. There appears to me to be no reason why in conformity with this resolution a Local Fund Dispensary should not be established at Ravandur, independantly of the Malnad Improvement Dispensary at Arenahalli.

6. The special topographical features obtaining in the locality justify such a step. Although the distance between the two villages hardly exceeds two miles, there is a big halla which intervenes and which during the rainy season cuts off all access between the villages. An idea of the magnitude of this halla may be found from the fact that it tapers off into a streatmlet for about 3 miles. During the rains the halla forms the demarcating boundary between a pronouncedly malnad tract ending with Arenahalli on one side and a comparatively maidan tract ending in Ravandur on the other. Such special features do not, to my knowledge, occur anywhere else in the District.

7. If Government approve, I shall submit definite proposals for the opening of a Local Fund Dispensary at Ravandur in consultation with the District Board of Mysore.

I have the honour to be,

Sir,

Your most obedient servant,

S. Subbarao.

Offg. Senior Surgeon.

1 JULY 1929
L. S. G. BRANCH.

Respected Sir,

We the undersigned residents of Arenahalli village Hunsur Taluk, beg to place the following few lines to your deep consideration with a fervant hope of passing favourable orders redressing our grievances.

That after several representations and requests for the last four years to open a Dispensary in our village at last you were pleased to establish a Malanad Improvement Dispensary in our village for which we render our hearty thanks. Since the opening of the hospital the riots and residents are deriving much help and relief which fact the Senior Surgeon and the Deputy Commissioner were satisfied at its improvement at the time of their visit to the place.

Unfortunately the District Board who having taken much pains in collecting about Rs.2½ thousand from the village residents and passing resolutions to open a dispensary in the village at last succeeded in establishing an hospital and they are now attempting to remove the dispensary from this village to an another village viz. Kavandur about 1½ miles distance. Are we not subjects of Government like others and what mistake we have done for such an action of the Board to establish and to remove. In our Government the rule is to open a Malanad Improvement Dispensary in the beginning and after its satisfaction to transfer the same a Local Fund Dispensary with permanent establishment. The Senior Surgeon also have several times reported that a dispensary in our village is mostly essential. If the dispensary which is rendering a great help to all the people, males, females, Chosha ladies etc is removed then we will be put in to a lot of inconvenience and troubles.

If the present action of the Board is carried out then we will have to loose much in our health and it will be putting poison to us.

Under the above circumstances we most humbly and respectfully approach your horour to consider our grievances deeply and to arrange to pass favourable orders (1) in cancelling the removal of the dispensary from our village by the District Board and to establish the same permanently, (2) to arrange to transfer the Palamad Improvement Dispensary into a Local Fund Dispensary by rendering finance help from the Government and adding that finance help with the contribution of Rs.2½ two thousand five hundred rupees contributed by the village residents.(3) to erect a building for the same.

For this act of kindness, charity and generosity we the humble residents of the said village will remain ever be thankful and faithful to your honour and ever be praying for your honor's long life and prosperity.

We beg to remain,
Respected Sir,
Your most obedient & humble
residents,

A.C. Nanjappa

Sanction 12-27-39

FROM

S. SUBBA RAO, ESQ., B.A., M.B.C.M., M.R.C.S., (Eng.) L.R.C.P., D.P.H.,
Senior Surgeon with the Government of His Highness the Maharaja of Mysore.

To

The Offg. Chief Secretary to the Government
of His Highness the Maharaja of Mysore,
Bangalore.

SIR,

Adverting to correspondence ending with your letter No.G. 14465/Sany. 12-27-36, dated the 1st June 1929 about the opening of a Local Fund Dispensary at Ravandur; I have the honor to forward herewith a copy of letter No.C.2407L.B./23-29 dated the 26th June 1929; and its enclosure, received from the President, District Board, Mysore, from which it will be seen that the Board support their previous resolution of the 6th October 1928, regarding the opening of a Local Fund Dispensary at Ravandur, and are willing to bear their quota of the cost. But it has not been made clear whether " by bearing the entire cost " they mean all the cost that has to be borne by the Local Bodies, as shown in the statement of cost enclosed- or only 2/3rd of this total, in which later case, the resolution of the Village Panchayeth as to their willingness to meet the rest of the expenditure, will have to be obtained. I am addressing the President on the subject. It will be kindly observed that the views of the District Board both as regards the establishment ~~and~~ of a Local Fund Dispensary at Ravandur and the retention of the Malnad Improvement Dispensary at Arenahalli, accord~~s~~ with my own, and that the Board suggest further, that the dispensary at Arenahalli should function as a semi-itinerant one, and that medical relief should be carried to the doors of the people by instituting a system of periodical visits by the Sub Assistant Surgeon in charge, to selected villages in the area. I agree as to the

Letter No.C. 2497.L.B./28-29, dated the 26th June 1929, from the President, District Board, Mysore, to the Senior Surgeon with the Government of Mysore, Bangalore.

With reference to your letter No.G.C. 45-5 dated the 29th May 1929 inviting the opinion of the District Board in the matter of opening of a Local Fund Dispensary at Ravandur, I have the honor to state as follows:-

The subject of opening a Local Fund Dispensary at Ravandur was considered by the Public Health Committee of the District Board at its meeting held on 19th June 1928 when it was resolved that a Local Fund Dispensary at Ravandur was necessary and that the District Medical Officer might be requested to inspect the places with the District Board Vice President and furnish a report. The report sent by the District Medical Officer opining that the dispensary might be located at Ravendur was considered by the District Board at their meeting held on 6th October 1928 when it was resolved that a Local Fund Dispensary might be established at Ravandur, an Unani Dispensary being given to Arenahally. The District Board arrived at this decision after threshing out the question fully and hearing deputations from both Aranahally and Ravandur Villages.

In view of the fact that the matter was investigated by the Medical Officer and the District Board Vice President, and of the fact that both the Public Health Committee and the District Board resolved to have Local Fund Dispensary at Ravandur in preference to Arenahally a recommendation was accordingly made to you in this office letter No. C. 97 L.B. 28-29 dated 12th October 1928 in which all the circumstances of the case have been fully dealt with.

It was again urged in this office letter No.G. 97 L.B./28-29 dated 21st November 1928 to you address that " considered opinion of the District Board which is the statutory local body competent to offer advice on Local matters is entitled to deference" and that a Local Fund Dispensary might therefore be sanctioned for Ravandur as resolved by the Board after mature consideration.

In enclosing an extract from the Proceedings of the District Board meeting held on 6th October 1928, I request that sanction of the Government may be kindly obtained to the opening of a Local Fund Dis.

Fund Dispensary at Ravandur. The Board have agreed to bear their quota of the cost. Ravandur is not a Municipality but a Village Panchayeth.

It may be stated further that the people of Ravandur are prepared to provide decent buildings both for the location of the dispensary and quarters for the staff, immediately the dispensary is sanctioned. They have also deposited a sum of Rs. 2,500/- for the construction of dispensary buildings.

As regards the continuance or otherwise of the Malnad Improvement dispensary at Arenahally, it is found that Arenahally dispensary meets the need of a large number of gosha families in this and in surrounding villages. The village is also situated in thick Malnad and is populated chiefly by Muhammadans. A big halla which is impassable during rain exists between this village and Ravandur.

In view of the useful work that this dispensary is doing and of the keeness of the people to have the institution, I think that it should be continued there. I have separately proposed that the Malnad Improvement dispensaries should be made to serve a larger number of villages by making the officer in charge to visit 2 or 3 selected important villages on stated days every week so that not only may he make himself acquainted with the conditions in his area, but he may also bring his services within reach of a larger number of people. Unless such a course is adopted, these Malnad Improvement Dispensaries will not fully achieve the objects for which they have been started.

In the result, I recommend that the Local Fund Dispensary for Ravandur may be sanctioned. The District Board are agreeable to find their share of the cost. The Village Panchayet also has promised to contribute generously as stated above.

" C O P Y "

S. Subba Rao.

SENIOR SURGEON.

304.Letter No.748 dated 12-3-28 from the District Medical and Sanitary Officer, Mysore District, furnishing his opinion regarding the opening of a dispensary at Ravandur, Hunsur Taluk.

Resolution No.12 of Public Health Committee meeting held on 14th September 1928.

"This will be placed before the District Board. The Committee notes that the District Medical Officer endorses the opinion of the Committee recorded on 19th June 28.

Resolution- A Local Fund dispensary may be established at Ravandur, the District Board agreeing to bear its share of the cost. An Unani Hakeem may be appointed for Arenahally at Rs.20 per mensem. The amount deposited by the Arenahally people will be returned to them. The Ravandur deposit of Rs.2500 will be used for dispensary building. The vaidyasala at Ravandur will be abolished from the date of opening of the dispensary.

Petitioners.

Patel Dhanagur Settru, Veerasetty,
Sivalingasetty, Sannappa and others,
of Ravandoor, Hunsur Taluk.

Respected Sir,

We the above-named Ravandoor village people most humbly and respectfully beg to bring the following few lines for your kind consideration and early favourable orders:-

We beg to state that the Mysore District Board passed a resolution on 6-11-1928 to the effect that a Local Dispensary may be given to our village. The Senior Surgeon, Deputy Commissioner, and Sub Division Officer were also kind enough to come to our village and inspect the same on the 7th April 1929 and they promised us to grant a Local Dispensary. In this connection we gave a petition to kindly grant us the Dispensary about 4 months back to the Senior Surgeon and as well as to the Member of Council. When we enquired in the District Board Office, they informed us that the connected records have been sent to the Government for kind sanction. As we the villagers are put into much difficulties without a Dispensary, we most humbly request your honour to kindly sanction a Dispensary to our village, and pass early orders to open the same at an early date.

For which act of kindness, we pray for your long life and prosperity.

We beg to remain,
Respected Sir,
Your most obedient servants,

Bangalore,
D/8th July 1929.

R. L. Sannappa.

GEN. & 194
13 JUL 1929

Aminul Mulak Mirza Mohamed Ismail, B. A.,
C. I. E., O. B.E.
Dewan of Mysore.
Bangalore.

May it please your Excellency,

We the undersigned representatives of Arainhalli village, (Hunsur Taluk Mysore District) most respectfully beg to bring the following few lines to your Excellency's kind perusal and favourable consideration:-

1. That when your Exeellency visited our Taluk on 22-4-28, we the residents of Arainhalli village presented an Address of welcome and requested therein to sanction a Dispensary in our village. Accordingly the District Board recommended to Government to sanction the same. The Government was pleased to sanction it. The District Board ordered us to deposit Rs.2500/ towards the construction of a Dispensary Building which amount was deposited by us in the District Board as far back as 16-4-28; and the Dispensary is in a good working order since 25th January 1929, with a daily average attendance of 60 and monthly 7 labour cases. This fact is noted by the present Senior Surgeon who was good enough to visit the Dispensary in company with the District Deputy Commissioner in the month of May last.

2. But now we learn to our great surprise that the District Board Mysore, have recommended to Government to open a new Dispensary at Ravandur village, which is only one mile off from this Dispensary. We made several applications by registered post to the Senior Surgeon, the District Medical Officer, the District Deputy Commissioner and the Government to begin the construction of Dispensary Building, but nobody replied us or began the construction of the building

building till now. In this connection we beg to point out to your Excellency that before the establishment of this Dispensary people were suffering very badly by sickness and the agricultural and commercial works suffered to a great extent, but now those difficulties are removed and the people are most happy and active in their pursuits of life. Our village has 350 houses of which 150 are of the Mahamadans and 200 of Hindus (including Arsus) with a population of 1,500 people and the adjacent villages are 31 in number with a population of 10,000 both male and female. Besides the Bayalal village which is very close by, contains many Arsu families. All these people are immensely benefitted from this dispensary especially "GOSHA" ladies.

3. We most respectfully pray that your Excellency be pleased to make it a pucca Local Fund Dispensary, instead of a Malnad improvement Dispensary as at present, and order the construction of a building for the same from our amount deposited already for the purpose as ordered by Government and gain the golden opinion of all the loyal subjects residing at Arenahalli and adjacent villages of our beloved Maharaja.

We beg to remain,
Your Excellency's most obedient
servants,

Bangalore City
10th July 1929.

Proceedings of the Government of H.H. the Maharaja of Mysore.

Read:-

G.O. No.G.8199-202/San.12-27-29 dated 10th January 1929 directing that a M.I. Dispensary be opened at Arenhalli in the Hunsur Taluk out of the sum released from the M.I. grant by the conversion of the M.I. Dispensary at Hampapur into a L.F. one.

2. Correspondence ending with letter No G.C. 453-11 dated 11th July 1929 from the Senior Surgeon in Mysore forwarding copy of the letter No.C.2407L.B.28-29 dated 26th June 1929 from the President, Dist Board, Mysore, and stating that a L.F. Dispensary may be opened at Ravandur in the same taluk as proposed by the District Board, the M.I. Dispensary sanctioned for Arenhalli being converted into a semi-itinerant one.

Order No. G.1248-51 | San 12-27-29

Dated Bangalore, 29-7-1929

The opening of a L.F. Dispensary at Ravandur in the Hunsur Taluk is sanctioned on the marginally noted scale of expenditure subject to the following conditions:--

(i) The people of Ravandur should provide all the necessary buildings as promised by them; and

(2) the Village Panchayet

Initial cost.	
Europe Medicine.	Rs.1,200
Furniture, medicine etc.	" 500
	1,700
Recurring.	
Pay of Sub Asst.Surgeon (average).	Rs. 81
Charge allowance to S.A.Surgeon.	" 10
Compounder (20-30)	" 25
Midwife. (20-30)	" 25
Dispensary attendant.	" 8
Waterwoman.	6

Bedding & clothing.	Rs. 5
Country medicines.	" 8
Fixed contingencies.	" 10
Europe medicine.	" 50
	Rs.228 per m.
or Rs. 2,736 per annum.	

Ravandur should bear their share of the cost.

2. The recurring and non-recurring cost except the pay of the Sub Asst. Surgeon and of Europe Medicines which will be met by Government, should be borne by the District Board to which the quota of the Village Panchayet will be credited.

3. The proposal to convert the M.I. Dispensary at Arenhalli into a semi-itinerant dispensary is also approved.

4. The Senior Surgeon is requested to point out the source in the current year's budget for meeting the Government share of the cost. He is also requested to arrange with the Deputy Commissioner and President District Board, Mysore, to select the villages which the Sub Asst. Surgeon of Arenhalli may visit periodically for treatment.
